

DELTA® Qwik-seal plugs

Watertight self-sealing fixing plugs for our MS500 membrane. These plugs have an internal shank down the middle (that takes a 5mm dia./size 10 screw at a maximum depth of 30mm) for subsequent installation of wall ties and or dry lining systems.

Specifications

Product code:	DMS131
Contents:	Box of 100
Size:	10mm x 58mm
